

SINGLE CHANNEL PUMPS

RSC SERIES

The engineering of these wastewater and sewage pumps has proven them to be reliable and extremely durable in the most extreme commercial applications. The stringent quality testing of each pump ensures that the high quality and performance can be trusted to meet the most demanding applications. Larger pump sizes available - enquire for more details.

APPLICATIONS

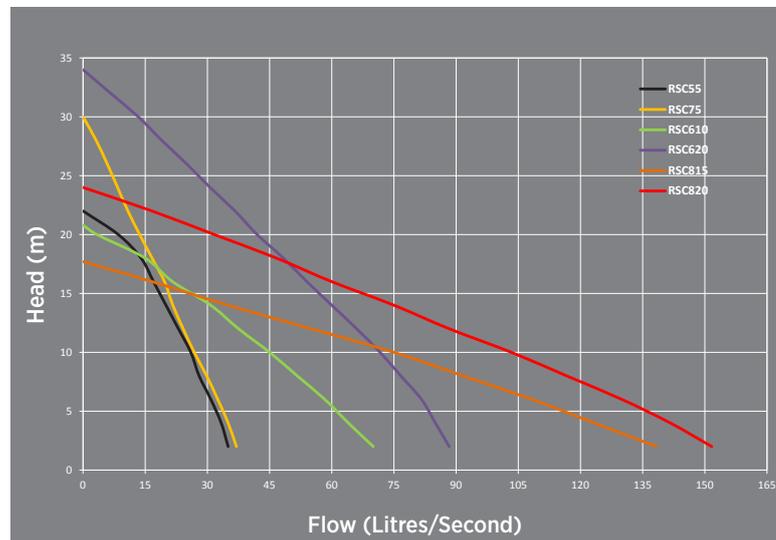

- Industrial
- Commercial
- Municipal
- Trade waste
- Stormwater
- Sewage

FEATURES & BENEFITS

- Silicone carbide mechanical seals with oil bath
- High impeller efficiency
- Clog-resistant design
- Primarily used for large volume pumping
- Auto coupling kits available

CONSTRUCTION

- High grade cast iron
- Epoxy resin sealed cable
