IMPORTANT: Not suitable for salt water

APPLICATIONS

The PPF series pumps are ideal for a large variety of applications including ponds, aquariums, urns, amphoras, gargoyles, table and wall fountains and hydroponics. Economical, quiet running, centrifugal pumps with generous cable lengths.

APPLICATIONS

- Water Features
- Garden Ponds
- Indoor Fountains
- Urns And Amphoras
- Table Fountains
- Hydroponics
- Statuses

FEATURES

- Proven Performance
- Fresh Or Salt Water
- Fully Submersible
- Quiet, Continuous Operation
- Built In Flow Control

| Head (m) | Approximate Flow Rate in Litres per Hour (Without Restriction) | | | | | | | |
