

POLY PUMP COVERS

RST SERIES

SADDLE TYPE POLY PUMP COVER

Protect your investment with a premium quality, Australian made pump cover available to match most leading tank colours. Penetrations can be made either end so that lid can still be removed. Lid can be fastened to base for additional security.

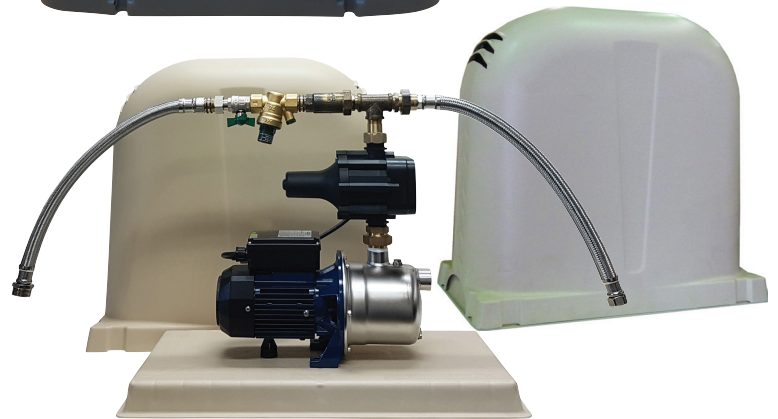

FEATURES & BENEFITS

- Protects your pump and controller
- Australian made!
- Excellent value for money
- Most tank colours available
- Quality HDPE material

ROUND STYLE POLY PUMP COVER & BASE

Top quality, Australian made poly pump cover designed to protect your pump and pressure controller from the harsh outdoors. Available in a selection of common colours to match most tank colours.

* Colours are indicative only, and may vary in real life.
