

## MULTISTAGE PRESSURE PUMP

### PRM SERIES

These Premium Series Multistage pumps are constructed with the best quality materials giving class-leading efficiency and reliability, with quiet, consistent and vibration free operation. This pump is ideal for domestic and commercial applications. A high quality pump that is factory tested for quality, it also has the benefit of a power-saving design that uses up to 30% less power than some similar models.

### APPLICATIONS

- Clean water transfer
- Booster pump
- Household supply
- Rain to Mains backup systems
- Garden irrigation
- Toilet blocks
- Industrial cleaning

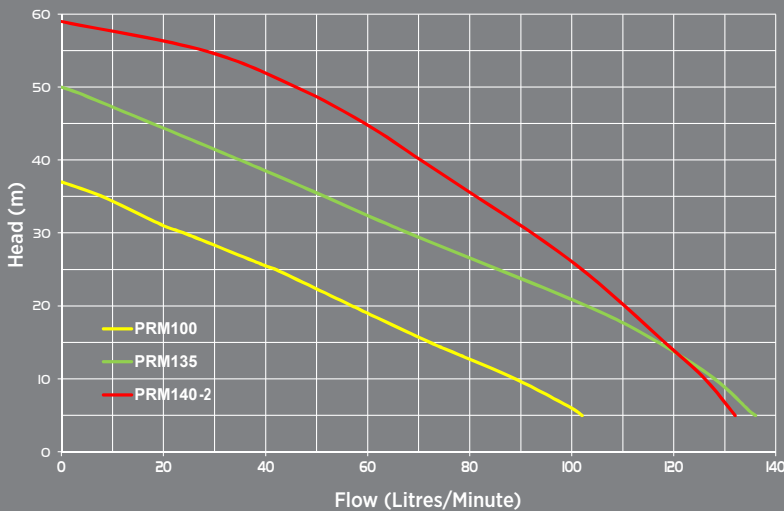

### FEATURES & BENEFITS

- Automatic pressure controller giving consistent pressure supply with run-dry protection
- Designed for continuous & quiet operation
- Low power consumption
- Excellent pressure supply up to 590Kpa max
- 5m suction lift for underground tanks (must include swing check valve on the inlet and foot valve on the end of the suction line)

### CONSTRUCTION

- Stainless steel shaft and impeller housing
- Noryl impellers and diffusers, brass barrel union
- Heavy duty cast iron & 304 stainless steel construction
- Motor IP54 with insulation class F

PRM140-2 has 1 m cable and 3 pin plug

#### AVAILABLE WITH 18L PRESSURE TANK SWITCH & GAUGE

CODE	MODEL	SIZE (mm)
8003.PTS	PRM100	384L x 180W x 680H
8010.PTS	PRM135	408L x 180W x 680H
8027.PTS	PRM140-2	475L x 180W x 690H

#### AVAILABLE AS PUMP ONLY

CODE	MODEL	SIZE (mm)
8034	PRM100	384L x 170W x 200H
8041	PRM135	408L x 170W x 200H
8027.2	PRM140-2	475L x 170W x 230H
