

DOMESTIC VORTEX SUMP PUMP

DRS SERIES

The REEFE® DRS160 vortex submersible pump provides proven reliability and value for money with its corrosion resistant poly construction. It is light weight, efficient and provides generous flow for many diverse applications.

APPLICATIONS

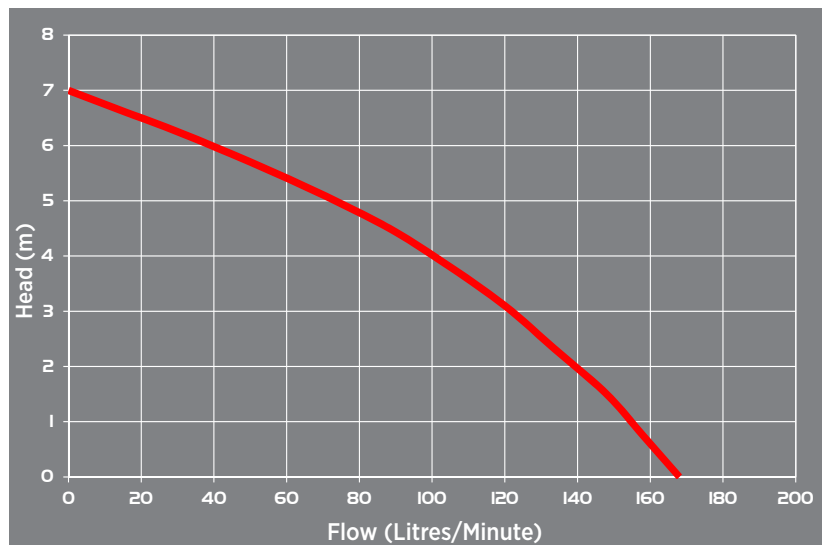

- Small grey water pits
- Pool and tank emptying
- Waste water
- Treatment systems

FEATURES & BENEFITS

- Corrosion resistant body
- Thermal overload protection
- Vortex impeller
- Soft solids handling up to 35mm
- High performance 168L/min 7.0m max head
- H05RNF 10m power cable
- Includes multistage hose tail
- Automatic float switch
- Max immersion depth 5m
- Flat base for stability

CONSTRUCTION

- Corrosion resistant body and base
- Technopolymer vortex impeller
- Carbon/ceramic mechanical seal
- Float switch - adjustable
