

RM3000 PREMIUM RAIN MAINS SYSTEM WITH COVER

RM SYSTEMS

RM3000 Rainpro® is the 5125 PRJ075 with RM1500 pump system with the added advantage of a pump cover. No cables, no float, no solenoid, no electronic controls. Kit is supplied, complete with cover and flexible hoses. The RM3000 stops the flow of mains supply while rain water is being pumped to help conserve our precious resource. This system is only suited to flooded suction and is suitable for whole house supply (more than 1 bathroom). Pump covers available in a variety of colours to match most standard tank colours.
