

## POND & WATER FEATURE PUMP 240V

### RP SERIES

Economical, quiet running, centrifugal pumps with generous cable lengths. These pumps have numerous applications for aquarium, garden fountains, table and wall fountains and hydroponics.

#### APPLICATIONS

- Water features
- Garden ponds
- Indoor fountains
- Urns and amphoras
- Table fountains
- Hydroponics
- Statues

#### FEATURES & BENEFITS

- Reliable performance
- Fresh or salt water
- Fully submersible
- Quiet, continuous operation
- Built in flow control
- Spare parts available
- Electrical Safety Approval to AS/NZS 60335.2.41
