

SOLAR FOUNTAIN PUMPS with BATTERY BACKUP RSFB SERIES

World-class solar technology is combined with high quality brushless pumps and quality batteries in weatherproof cases, to produce this great range. Manufactured to our design and quality requirements with solar panels of superior technology. The fountain set enclosed will suit most applications. "Max Head" measurement is the maximum lift height in full sun.

RSFB kits come complete with battery back-up for night-time operation and overcast conditions.
