

SQUARE PONDS

When set up properly, formal ponds for water features and statues, enhance any garden or outdoor area. Warranty does not cover degradation due to UV, so ensure the pond is protected from sunlight.

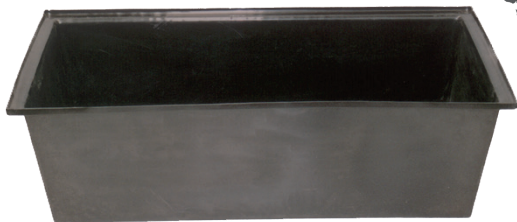

CODE	DESCRIPTION
15420	Small - 165L External Size: 850mm square x 350mm deep x 65mm edge Internal Size: 720mm square top, 600mm square base x 300mm deep
15433	Large - 300L External Size: 1110mm square x 350mm deep x 60mm edge Internal Size: 990mm square top, 920mm square base x 300mm deep
15440	Pond to suit 1000mm Square Grate - 215L External Size: 1150mm square x 260mm deep x 40mm edge Internal Size: 1070mm square x 250mm deep This pond incorporates a ledge with locating bumps to hold the grate in place. Recommended for in-ground use, or strengthening frame would be required.
15460	Extra Large - 650L External Size: 1700mm square x 305mm deep x 50mm edge Internal Size: 1590mm square top, 1430mm square base x 280mm deep These ponds are specifically designed with a cut-down facility. They have a second 'lip' built in, so by cutting off the top lip (with a circular saw), a smaller pond measuring 1600mm square x 200mm deep is created. (490L) (Internal size approx. 1500mm square x 220mm deep)

Note: Due to the manufacturing process, some imperfections may be present, and dimensions will vary.

15543	Large - 250L External Size: 1500mm x 760mm top, 1300mm x 555mm base x 320mm deep x 60mm edge Internal Size: 1395mm x 645mm top, 1280mm x 530mm base x 305mm deep
15553	Extra Large - 380L External Size: 1810mm x 905mm top, 1600mm x 700mm base x 320mm deep x 55mm edge Internal Size: 1705mm x 800mm top, 1580mm x 670mm base x 300mm deep

Note: Due to the manufacturing process, some imperfections may be present, and dimensions will vary.

NOTE

Due to the chemical properties of the plastics, these ponds may bubble and/or warp slightly during shipping and handling. To fix, simply place in a sunny location until the pond returns to its original shape, or is malleable enough to be pushed into shape. Once cooled, the pond will retain its shape.
