

WPC22E AUTOMATIC PRESSURE CONTROLLER

EU SERIES

The WaterPro® pressure controller is designed for the automatic control of pressure pumps to maintain constant pressure supply. European made, for guaranteed reliability in various domestic applications.

PRESSURE CONTROLLER WPC22E

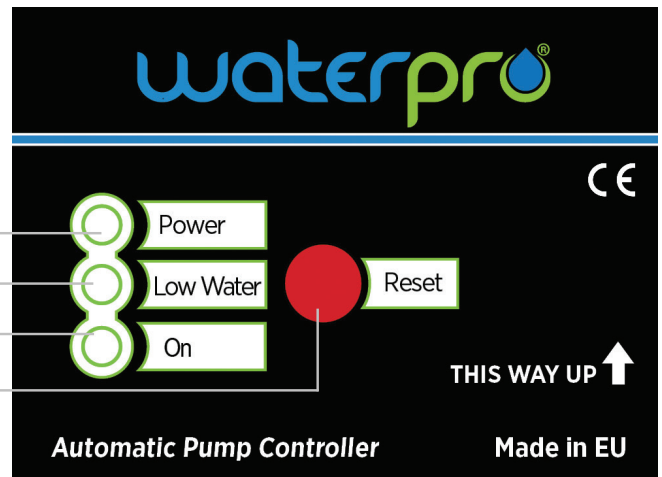

APPLICATIONS

- Constant pressure supply in domestic applications
- Automatic operation of pressure pumps
- Irrigation
- Rain to Mains Systems

FEATURES & BENEFITS

- Automatic operation eliminating the need for manual resets/operation
- Integrated protection system to prevent dry-running operation
- Compact design and easy to install
- Light indicators, power on-power off, 'low water'

Power Indicator
 'Low Water' Loss of Prime Indicator
 Power ON|OFF indicator
 Manual reset button after a run dry event

FEATURE	SPECIFICATIONS
Code	20814
Model	WPC22E
Start Pressure	2.5 Bar
Power	1.5kW
Voltage	240V
Frequency	50Hz
Max Peak of Current	10A
Protection Rating	IP65
Maximum Temperature	50°C
Maximum Pressure	10 Bar
Net Weight (without cables)	0.72Kg
