

JET TRANSFER PRESSURE PUMP

RJE SERIES

The RJE Series of pressure pumps are the pinnacle of quality with a class leading 4-year peace of mind guarantee. The Superior European construction gives real efficiency and power saving to the owner. The meticulously designed components limit internal losses ensuring a genuinely quiet running and reliable pump, ideal for suburban areas or around the farm. Suitable for the supply of water to the house, garden, and irrigation from above or below ground tanks. Suitable for Drinking Water – certified to AS/NZS4020 for use with potable water.

APPLICATIONS

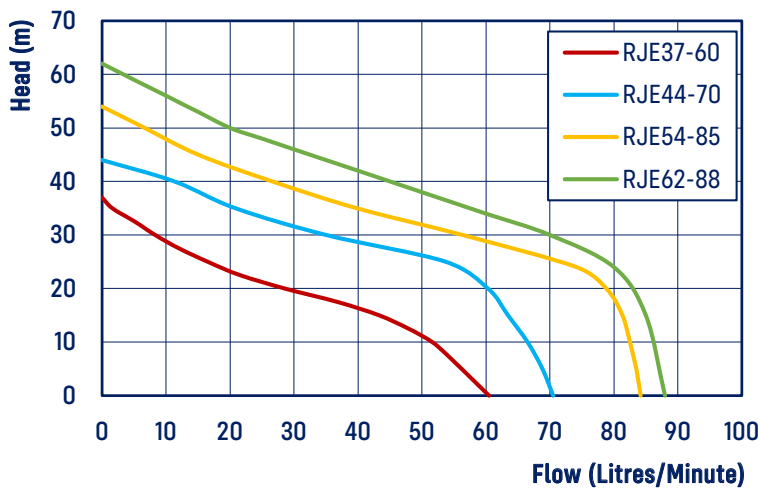

- Domestic water supply
- Garden irrigation
- Clean water transfer
- Rain to Mains backup systems
- Water storage tank pump sets

FEATURES & BENEFITS

- Suction lift capability - up to 8m
- Quick Plug Connection between the pump and controller
- Automatic pressure controller
- Loss of prime protection
- Continuous duty
- Built in pressure gauge
- Max Water Temperature - 35°C
- Certified to AS/NZS4020 for use with potable water

CONSTRUCTION

- Superior Ceramic/Graphite/NBR seal
- Manufactured and assembled in Italy from 100% European materials
- Stainless steel pump body and motor shaft for high corrosion resistance
- RPC25E Pressure Controller
- Ingress Protection IP44
- Insulation Class F

PRESSURE GAUGE
