

POLY PUMP COVER

SADDLE TYPE POLY PUMP COVER

Protect your investment with a premium quality, Australian made pump cover. Penetrations can be made either end so that lid can still be removed. Lid can be fastened to base for additional security.

FEATURES & BENEFITS

- Rotational Moulded Polyethylene – Same material as Tank!
- Premium Construction
- Wide Range Tank Colours Available – 23 Colours
- Saddle Design

ROUND TYPE POLY PUMP COVER & BASE

Top quality, Australian made poly pump cover designed to protect your pump and pressure controller from the harsh outdoors. Available in a selection of common colours to match most tank colours.

FEATURES & BENEFITS

- Injection Moulded
- Vented Design
- Common Colours – 13 Colours
- Matching Base Included
